Roosevelt's Radio Talk Tonight Will Be "All Covering"

Goes Over Speech With Congressional Heads of Both Parties

Washington, Sept. 11.—(AP)—President Roosevelt's radio address on foreign policy tonight was described at the White House today as one which will be "all covering, and will leave no unanswered questions."

Stephen Early, the press secretary who said this, also declared that the president would devote part of today to the Russian aid question, receiving Constantine Oumansky, the soviet ambassador, and Secretary of State Hull, and would cancel tomorrow morning's press conference to hold his first meeting with the American mission to Russia headed by W. Averell Harriman.

As the chief executive went over a completed draft of his address with senate and house Democratic and Republican leaders. Early told reporters that the speech "will mean what it says and will be written in English—English that will not need translation. Foreign languages need translation; English not."

Congressional leaders who called at the mansion included Republicans for the first time since the president proclaimed an unlimited national emergency last May 27. From the senate came Vice President Wallace, Majority Leader Barkley, Minority Leader McNary and Chairman Connally of the foreign relations committee.

Broadcast at 8 P. M.
Early would not say whether tonight's address would call for any new legislation.

The president's secretary said the speech, to be broadcast from the diplomatic reception room of the White House at 8 p. m., Central Standard time, had been "about completed" yesterday at Hyde Park, N. Y.

After the conference, Senator Barkley said the legislators had made no suggestions for changes in the address and that there had been no discussion of modification of the neutrality act forbidding American vessels to enter war zones.

The fact that Republicans as well as Democrats were asked to the meeting was interpreted as another sign that Roosevelt's pronouncements tonight would deal with momentous matters of national policy.

Held Conference Yesterday
The conference with legislative chiefs was the second the president called after returning to the

Savanna Ordnance Worker Faces Cell in Federal Prison

Chicago, Sept. 11.—(AP)—Joseph E. Foltz, 40, pleaded guilty in Federal court today to charges of stealing government property and sending extortion letters to his aged father, Edward F. Foltz, a farmer near Thomson, Ill.

Judge Charles E. Woodward announced that sentence would be imposed at Freeport Oct. 20 after Foltz has been given a psychiatric examination and his plea for probation considered by a probation officer.

An indictment returned last June in Freeport charged Foltz wrote letters to his father demanding \$1,000. One read in part: "You have lots of money and I have none. I want a thousand dollars in cash or I'll burn your buildings down one by one."

Foltz wrote a second letter instructing his father to act through his son, and a third letter to himself, instructing him to obtain the money and deposit it on a highway between Savanna and Galena.

G-Man Solves Case

Meanwhile, the elder Foltz informed the FBI which assigned Agent Tom Mullen to the case. Mullen said that Foltz admitted writing the letters when confronted with samples of his handwriting.

The second charge involved theft of a TNT bomb from the Savanna ordnance works where Foltz was employed. Assistant U. S. District Attorney Francis McGreal suggested to the court that the bomb could have been installed in an automobile as a lethal weapon.

Foltz waived the right to trial in Freeport and his attorney, Ralph Eaton of Mt. Carroll, announced he would file a petition for probation.

Arrested April 5, Foltz has been held in jail since for lack of a \$15,000 bond.

Tomorrow evening The Telegraph will publish a big souvenir edition commemorating Louella Parsons Day next Monday, and all readers who wish additional copies to keep as souvenirs of the occasion or to send to friends should notify this office this evening. The edition will contain a wealth of pictures and material of Miss Parsons, all of the honored guests who will be here that day—and of the city. The price will be 5 cents per copy, 10 cents if it is desired. The Telegraph make mailing.

Winston Churchill Called Blackguard in British Commons

London, Sept. 11.—(AP)—William Gallacher, the only communist member of parliament, today called Prime Minister Churchill a "blackguard" to his face and accused him of "dirty, cowardly, rotten action" in an angry outburst in the House of Commons.

Gallacher later apologized to the house. The incident came over charges that Col. J. T. C. Moore-Brabazon, minister for aircraft armaments would annihilate each other.

Flourid and excited, the communist first told the house that "very deep and bitter feeling exists among trade unionists" over statements attributed to Col. Moore-Brabazon.

He asked Churchill to "clear out of this government anyone who is not 100 per cent for cooperation with Russia."

The prime minister replied to this:

Churchill Replies
"I do not think I should be prepared to receive guidance in policy or conduct from an honorable gentleman who, it is notorious, has to change his opinions whenever he is ordered to by a body outside this country."

Gallacher retorted that "I have never at any time taken orders from anyone outside this country," and he shouted a demand for withdrawal of the "insulting remark."

"It is a dirty, cowardly rotten action on the part of the prime minister," he said. "It is the action of a blackguard. It is a foul and dirty lie."

The debate, which thus brought the harshest words levelled at Churchill since he became prime minister, was the aftermath of an accusation against Moore-Brabazon in a speech by Jack Tanner, president of the Amalgamated Engineers Union, to the Trades Union Congress at Edinburgh Sept. 2.

Five District 2 Selectees Named

Selective service board No. 2 of Lee county, through E. B. Carlson, chief clerk, today announced the names of the five selectees from district 2—all of Lee county except Dixon, Natchua, and Palmyra townships—who will enter induction into the United States Army. They are:

V-150-A—Paul Cave, Scarborough.
V-974—Edgar Parsley, Steward.
VS-977—Melvin Kenney, Franklin Grove, leader.

S-669—Edwin Harms, R. F. D. No. 3, Rochelle.
CS-9—Forrest Bennett, Chillicothe, Mo.

Six men from district 1, whose names have not been determined, will also go to Chicago on the same day for induction.

Tattered Confederate Battle Flags Will Be Returned After Many Years

Lansing, Mich., Sept. 11.—(The Special News Service)—A plea for national unity is sending home 13 of the Confederacy's last tattered battle flags, 76 years after the close of the war between the states.

The flags and three swords, captured by Michigan troops during the Civil war, will be given to southern states identified as their former owners at a ceremony here Sept. 29.

Gov. Murray D. Van Wagoner, who will make the presentations, said a pageant would stress "national unity in this time of emergency."

Invited to receive the relics were the governors of the 11 states which composed the Confederacy—Alabama, Arkansas, Florida,

"Miss Dixon" Will Be Picked Tonight At Dixon Theater

Goes To Chicago Early Tomorrow as Guest of NorthWestern

Contestants for the crown and trip to Hollywood to be bestowed upon the successful candidate for Queen of the Rock River Valley at the Hollywood ball at the Armory hall Monday evening, will appear on the stage of the Dixon theater this evening between performances and one of the number will be selected by three judges to be "Miss Dixon". This candidate will then be confronted with a program of activity covering a two-day period which will keep her busy visiting the broadcasting studios in Chicago, where she will face many microphones on special broadcast periods, giving a brief sketch of Monday's program at the Louella Parsons-Ronald Reagan Homecoming.

"Miss Dixon" will be the guest of the Chicago & NorthWestern passenger department and director of publicity from the time she boards the crack streamliner City of Denver tomorrow morning at the local passenger station until her return to Dixon Saturday evening on the Corn King. With her chaperon she will have a busy schedule during the two-day visit in the Windy City.

Five Radio Broadcasts

Harold Mayer of the NorthWestern's publicity department has completed the schedule of activities which will cover five special radio broadcasts and will visit Mayor Edward J. Kelly in Chicago to present him an invitation to attend Dixon's homecoming celebration for its movie citizens, forwarded by Mayor William Slothower of Dixon. Saturday afternoon her Chicago visit will terminate at Wrigley Field, where she will accompany radio announcer Tommy Bartlett to the Cubs-Philadelphia baseball game and will be heard over the WJJD radio station during the game.

The schedule of radio broadcasts (Dixon time) which have been arranged for Miss Dixon are as follows:

Friday:—
WCFL—"For Women Only," program with Betty Ames at 9 a. m.

WLS—"Homemakers Hour," with Harriet Hester at 11 a. m.

Visit to Mayor Edward J. Kelly's office at 1 p. m.

WBBM—"Man on the street," program with John Harrington at 9:45 p. m.

WMAQ—"Chicago & NorthWestern Suburban hour with Norman Ross at 6 a. m., Miss Dixon to be heard at 6:30 a. m.

Report of Location Of Missing Plane is Proven False Today

Tacoma, Wash., Sept. 11.—(AP)—A searching party proved groundless today a report from a logger that a rivate searching lane had sighted wreckage of a missing two motored army bomber in the Cascade mountains woods east of Enumclaw.

Colonel William H. Crom, McCord field commander, said an aerial search would go on for the plane, last reported in the Seattle-Tacoma area before dawn Tuesday while on a routine flight with six men aboard.

Better Conditions at State Hospital Ordered by Green

Governor Makes First Report on Recent Tour of State

Springfield, Ill., Sept. 11.—(AP)—Immediate correction of what he termed unsatisfactory conditions in four state hospitals was ordered today by Gov. Dwight H. Green as he returned to the Capital at the conclusion of a ten-day state inspection tour.

Shortages of attendants and a lack of sanitation safeguards were the main shortcomings Governor Green said he detected in his visits to the Dixon, Anna, East Moline and Alton hospitals for feeble-minded and insane. He said he was issuing instructions to welfare department officials to have these conditions eliminated at once.

In a preliminary report on his 1,700 mile tour of hospitals, parks, and highway projects, the governor made these main points:

Three Main Points

1. Steps will be taken to provide a full personnel where there has been a shortage of attendants in mental hospitals, and to modernize kitchen and dining hall facilities. At the Anna hospital for feeble-minded, he said, "there is a tremendous amount of work to be done."

2. State highways over which he traveled are generally in good condition, but weeds have not been kept down on some rights of way. Improvement of U. S. highways 66, 330, 50, and 45 is contemplated by the state, with route 66 eventually to be made a four-lane superhighway between Chicago and St. Louis and route 45 to be four-lane between Champaign and Rantoul if federal aid is forthcoming.

To Revisit Institutions

3. State parks have been developed rapidly until they offer some of the best recreational facilities to be found in the middle west. The governor said also he was favorably impressed by the two state normal schools he visited, the Western State Teachers' College at Macomb and the Eastern Illinois Normal at Charleston, and by his visit to the Southern Illinois prison

Lee County Board Appropriates Huge Sum From Fuel Tax

Eleven Projects Named in Program Adopted by Supervisors

The Lee county board of supervisors at the closing session of the September meeting, which lasted two days, adopted a resolution presented by the road and bridge committee, appropriating more than \$100,000 of the county's motor fuel tax fund to be expended on 11 projects. Discussion on the measure at Wednesday morning's session occupied more than an hour, but what the board convened yesterday afternoon, the measure was presented and adopted without comment, and but two members dissenting.

The resolution set up 11 projects in the county to be completed in the order named as follows:

1—Completion of the Rock Island road improvement from the NorthWestern cut-off west of the Cook school, east to the Atkinson corner, where work is now in progress.

2—Complete work which has been started in paving the business district of the village of Sublette.

3—Construct a new bridge and approaches by contract south of the overhead of the County Home road.

4—Construct black top surface road connecting the village of Natchua with U. S. Route 330.

5—Construct black top surface road from the White Temple school to the village of Eldena, including the main village street, all in South Dixon township.

6—Construct concrete paving in the village of Compton to connect with U. S. route 51.

7—Construct two miles of traffic bound surface course on a 34 foot roadway west of Amboy, using day labor.

8—Construct three miles of traffic bound surface course on 34 foot roadway south of Ashton with day labor.

To Nelson Spur
9—Complete the Rock Island road improvement from the Hill school corner west to the Nelson spur highway, south of Nelson by day labor.

10—Construct traffic bound surface course with bridge connecting the village of Scarboro with U. S. route 30.

11—Construct traffic bound surface course from the village of Franklin Grove north to connect with the black top surfaced road way at the Lee-Ogle county line, by contract.

Some members of the board questioned the authority of the

Daughter of Dixon Police Chief Hurt

Chief of Police and Mrs. J. D. Van Bibber of Dixon were summoned to Rockford at midnight last night by a telephone call which informed them that their daughter, Mrs. Floyd Swanson, 2106 North Church street, Rockford, had been critically injured in an automobile crash. She was removed to St. Anthony's hospital, where an examination revealed numerous fractures of the arms and legs and other severe body injuries.

Besides the difference over lowered exemptions, the conference group faced a major fight over senate changes in the corporation taxes. After eliminating a special 10 per cent levy which the house voted to impose on those companies not earning sufficient money to fall under the excess profits tax, the senate approved an increase in corporation surtaxes from 5 to 6 per cent on net income up to \$25,000 and from 6 to 7 per cent on income over that amount. The senate finance committee said the net result was a \$52,800,000 gain in revenue.

Fire on New York Pier Quickly Extinguished

New York, Sept. 11.—(AP)—Fire swept through a Hudson river pier containing valuable airplane parts today, but firemen extinguished it with comparatively little damage an hour after it broke out.

About \$500,000 worth of cargo was in the 417-foot covered pier at 62nd street but quick work by firemen, coast guardsmen and dock workers saved both the cargo and pier. Four firemen were slightly injured and treated at the scene.

Mrs. McClellan sustained cuts about the head and arms and was also removed to the hospital.

Miners Close Anthracite Mines in Protest Against Boosted Union Dues

Hazleton, Pa., Sept. 11.—(AP)—A shutdown by the Hazleton shaft colliery of the Lehigh Valley Coal Company, one of the largest operations in Pennsylvania's anthracite fields. It employs 1,200 men. Eight collieries now are idle at the height of the best summer season the mines have enjoyed in more than a decade.

The miners, disregarding orders from their general union committee to return to work, are protesting an increase of monthly dues from \$1.00 to \$1.50 and a boost in the annual assessment from \$2 to \$6. Dues and assessments are collected from the employers through \$6. Dues and assessments are collected from the employers through the checkoff system.

There were no disorders as a line of approximately 100 cars and trucks streamed from one hard coal operation to another, but within two hours 1,500 workers had left their jobs and joined more than 4,000 other members of the United Mine Workers of America, CIO, who launched the mine-closing move two days ago.

The War Today!

By DEWITT MACKENZIE
(Telegraph Special Service)

Probably all of us are acutely conscious of the nearness of the war-danger as we await President Roosevelt's discussion of the position over the air tonight—a talk which cannot be expected to do other than emphasize the gravity of the crisis. The way the European conflict is going right now, I for one should be greatly surprised if it ended sometime next year.

Now that isn't a prophesy, because we know the war might drag on through the ten years for which the axis claims to be prepared.

The thought that the war might end next year is based on the strong and growing possibility that an already tortured continent won't be able to support the axis military operations, and may revolt against the terrific burden. Such a thesis presupposes, of course, that the allies have a good chance to win—a view which this column has previously recorded.

This possibility doesn't condemn Herr Hitler to defeat without further trial. It would be poor judgment to suggest that the creation of the most powerful army in history (paving Moscow on that) hasn't a chance to win, because he has.

We have to know considerably more about the endurance of the Muscovite war machine which has been doing such great things, and which today claims to have mustered the strength to drive a big salient into the heart of the German line in the Smolensk area, before Moscow.

Hitler may win, but the fact is that he has been previously hurt in his clash with Russia. His losses in first line fighting men and equipment have been colossal; he probably has opened up a permanent new war front, which will compel him to defend both east and west simultaneously; and he has sealed the ring of the allied blockade by invading Russia and thus has cut himself off, for the time being at least, from vital supplies.

It's unnecessary to dwell over the widespread food shortages on the continent of Europe or on the epidemic of typhus and other diseases which already are springing up on the trail of the hunger.

These facts should be kept in mind, however, for the spirit of revolt which is sweeping through many of the conquered territories

German Commentators Begin Lambasts Early

Berlin, Sept. 11.—(AP)—German commentators, who usually wait 24 hours after a Roosevelt address to give the German reaction today opened in advance with blasts against the president's radio speech scheduled for tonight.

The authoritative commentary Dienst aus Deutschland under the heading "Preparations for Roosevelt Address" cited the "wide publicity" given the sinkings of American ships near Iceland and in the Red sea as preparing public opinion for "what the president is going to say."

Was in Wrong Pew

Centralla, Ill., Sept. 11.—(AP)—Three freshmen were present when C. Scripps Beebe's chorus classes convened for the first time at the high school.

They listened attentively as he explained fundamentals. Then he asked each to sing an "Ah." Two complied and did well.

The "Ah" of the third ended in an "Awk." His second attempt was only fair. Then finally he burst out with: "Say, is this general science?"

Crisis in Norway as Anti-German Revolt Grows

(By The Associated Press)

Russia's armies reported today they had driven the Germans back 12 miles on the central front, taken a toll of 30,000 nazi dead and wounded in 50 days of fighting around Kiev, and seized the initiative in the siege of Leningrad.

Battles were reported raging along the entire 1,200 mile front from the Karelian isthmus to the Black sea, with the long dormant Veliki Luki sector, on the north central front, suddenly flaming into action.

While nazi warplanes dropped pamphlets calling on Leningrad's 3,200,000 populace and 1,000,000 Red army defenders to surrender or have the city laid in ruins, soviet defense forces were reported counter-attacking the German siege armies.

Norway Faces Crisis

German-occupied Norway, seething against nazi rule, faced a crisis as nazi authorities clamped down with the first firing squad executions there and a state of civil siege proclaimed in Oslo, the capital, was expected to be extended to other areas.

Reports reaching Stockholm, Sweden, said that the situation was acute also in the cities of Moss, Fredrikstad and Sarpsborg, and that the same iron measures imposed on Oslo probably would be enforced there.

Joseph Terboven, German high commissioner for Norway, asserted the measures were necessary to crush plans for a general strike of Norwegian workers set for today, and Norway's minister of welfare, broadcast this warning: "I do not dare to think what will happen if there is a new strike. You have seen that the Germans will not stand for any fooling."

The status of the general strike was uncertain, but authorities in Oslo said normal work had been resumed after two days of strikes in the iron and ship building industries.

Two Leaders Executed

German troops, strongly reinforced, ringed Oslo following the execution last night of two Norwegian labor leaders, and the arrests of the leader of the Norwegian Federation of Labor and other alleged plotters who were sentenced to terms ranging from ten years to life imprisonment.

It was officially announced that some Oslo workers had started a strike because they had not received their ordinary milk ration.

Under the state of civil siege, Norwegians are barred from the streets from 8 p. m. to 5 a. m., and forced to surrender radio sets.

Many Naturalized Americans Facing Citizenship Loss

Washington, Sept. 11.—(AP)—Several thousand naturalized Americans who have lived in foreign countries beyond the time limit permitted by the nationality act of 1940 will lose their American citizenship unless they return to the United States by Oct. 14.

Officials said today that the new law becomes effective on that date and any naturalized Americans outside American territory—unless they are within categories excepted by the act—will automatically forfeit their citizenship.

They said that all of the absent Americans have been warned through United States consulates in European and Asiatic countries of the law's provisions and the consequences of its violation.

Sec. Hull Explains
The state department, which has arranged for the return of more than 500 Americans since the start of the war, is now intensifying efforts to arrange for their transportation home before October 14.

Secretary Hull has explained that major reason for permitting Americans in the British isles to take passage on foreign vessels was to enable them to save their citizenship.

The neutrality act prohibits Americans from traveling on belligerent vessels "except in accordance with such rules and regulations as may be prescribed" by the secretary of state acting under authority from the president.

Church Notes

Sunday masses at St. Mary's Catholic church will be at 7 and 9 o'clock, both are low masses with benediction following 7 o'clock mass. Sunday will be communion for men and boys of the parish. Confessions on Saturday afternoon and evening.

Nurse Given Diploma

Graduating exercises were held at the Nurses Home of the Dixon public hospital, September 5, at 8 p. m. for six student nurses of the graduating class. Miss Eleanor Walters, former West Brooklyn girl, was a member of the class. Among those present were parents and friends of the students and other members of the staff of the hospital. The pins and diplomas were presented to the girls by the superintendent of the hospital, Miss Agnes Florence. Together the new graduates repeated the Nightingale Pledge. Following the program a social hour was spent by all present and refreshments were served.

Baptismal Birthday Dinner

The sacrament of baptism was conferred Sunday morning at St. Mary's Catholic church on Rose Marie, infant daughter of Mr. and Mrs. Oliver Chaon. The child's sponsors were Mr. and Mrs. Walter Delhotel. Rev. R. Guccione officiated at the rites. Following the church services a dinner was served at the Chaon home honoring the baptismal of their daughter and the birthday anniversary of Mrs. Walter Delhotel, one of the sponsors. Lovely table decorations were in keeping with the occasion, also a birthday cake for Mrs. Delhotel. Guests attending the happy event were Rev. R. Guccione, Mr. and Mrs. Walter Delhotel and children, Mr. and Mrs. George Dinges, Mr. and Mrs. Frank Chaon, and Miss Helen Louise Chaon and Miss Lena Hinkel.

Club Luncheon

Mrs. Henry L. Gehant entertained members of the Happy Housewives card club at her home on Tuesday afternoon with a luncheon. Prize winners in cards were: Mrs. Bertha Bresson, Mrs. Bernice Mackin and Mrs. Arlene Halbmaier. Mrs. Arlene Halbmaier also won a contest prize. A lovely luncheon was then served.

School Opens

St. Mary's parochial school opened on Monday morning with a high mass for the children in honor of the Nativity of the Blessed Virgin Mary at 8 o'clock. This was attended by the children and their parents. Following the services the pupils gathered at the school for formal registration. Sixty-one children were present. In the first room which Sister M. Annunziata will teach there are 24 pupils, the second room with Sister M. Philophea as teacher will have 18 and the third room with Sister M. De Sales as teacher has 19 students. Special Blessing was given the children at the mass by the pastor, Rev. R. Guccione for a successful school year.

On Vacation

Paul Gehant of this place, Mr. and Mrs. Frederick Hoerner and daughters Helen and Lois of Mendota, left Sunday for a week's tour through the east.

Club Entertained

Mrs. Carolyn Corcoran was hostess to the Silver Thimble club at her home on Thursday afternoon. Prizes were awarded to Mrs. Ruby Zimmerlein and Miss Alice Halboth in cards. Miss Catherine Henkel joined the club at this meeting. Delicious refreshments were served. The next meeting of this club will be at the home of Mrs. Charles Hovey of Earlville.

Club Meets

Eighteen members of the Domestic Science club were present on Wednesday evening when the club resumed meetings at the recreation rooms. Mrs. Ruby Gunn and Mrs. Ruth Vickrey were co-hostesses for the evening. Mrs. John Grable and Miss Thelma Daggett were admitted to membership of the club. Mrs. Wm. Untz was elected secretary to fill a vacancy caused by the resignation of Miss Anna Manos. The evening was spent in games and a social good time. Refreshments were served. This club will meet in two weeks with Mrs. Evelyn

Elliott and Mrs. Mattie Darr entertaining.

Mr. and Mrs. A. C. Rapp took their daughter Ruth to Normal Monday to resume her studies there at Normal college.

Mr. and Mrs. George Blanchard of Mendota and Mr. and Mrs. J. A. McFarland of St. Louis, Mo., were dinner guests Thursday evening of Mr. and Mrs. Clarence Ewald.

Mr. and Mrs. L. D. Hemenway attended the county fair at Sandwich last Thursday.

9:30, Church school.
10:30, family worship service.
7:00, Epworth League.

The recent increase in both the Church school and family worship attendance on the last two Sundays has been most gratifying, and this trend will certainly guarantee that our coming Rally Day will be a success if this keeps up. Rally Day is October 8th, and it is our goal that both the attendances be much higher than on previous days.

The Steward Community night will be held this next week, on September 18th, at the gym. This annual event, sponsored by the W. S. C. S. of the Steward Methodist church, is one of our highlights of the year. Special interest is being generated this year because of the new calendars which the women have just completed. This will be so different from others that they will attract much favorable comment. Already, those who have seen them have expressed their enthusiasm for them.

This Sunday Rev. Morris will preach on the theme of "The Mortgage of the Morsel."

The Church school is planning some very interesting events for the coming days. Be on hand this week so that you can get in on these coming attractions.

Power Strike at St. Louis Delayed

St. Louis, Sept. 11—(AP)—Second postponement of a threatened power strike at the Union Electric Company of Missouri was voted by the AFL Operating Engineers' Union last night pending outcome of wage negotiations in Washington. Union agents and company officials met in the Capital today with a U. S. conciliation service panel in an attempt to settle their differences.

The threatened shutdown, originally scheduled for midnight Monday, had been reset for last midnight following pleas by Gov. Forrest C. Donnell, the war department and federal labor conciliators.

Mayor William D. Becker conferred with Harry F. Kline, a union leader in charge here while others are in Washington, and issued this statement:

"The strike order voted by the men has not been rescinded but enforcement of it will be held in abeyance until union representatives in the Capital can report back to the union."

Such a strike would cut off electric power in St. Louis and many Missouri, Illinois and Iowa towns, as well as three army posts. Many

vital defense industries would be affected.

The union demands hourly wage increases to 90 cents for laborers now receiving 51½ cents; \$1.25 for those getting more than 51½ cents and \$1.37 for welders now receiving \$1.15.

Kane Co. Supervisors Vote to Keep Liberty

Geneva, Ill., Sept. 11—(AP)—Members of the Kane county board aren't going to jail; they voted against it.

The board, adopting its annual operating budget, provided for a \$1,665 payment to Maurice Lord, Aurora attorney who claimed that amount for services as a special prosecutor. Lord had obtained a judgment against the 38 supervisors who faced jail for contempt of court unless provision for payment was made.

The attorney, however, may have to wait until next year for his money. Taxes for appropriations will be collected then.

A Thought For Today

He that loveth his life shall lose it; and he that hateth his life in this world shall keep it unto life eternal.—John 12:25.

Let each man think himself an act of God, his mind a thought, his life a breath of God; and let each try, by great thoughts and good deeds, to show the most of Heaven he hath in him.—Philip Bailey.

Diluted Nazification

Even in those countries where the nazis have the strongest hold, the Hitler philosophy seems to be suffering from dilution.

Word comes from Norway that an automobile occupied by four nazis, perhaps suffering from too much of whatever folks drink in Norway, was driven down a waterfront and straight into the ocean, where the occupants perished.

Investigation developed that a woman had seen the car moving along, and could have stopped it with a proper warning, but she failed to do so. Local Quislings asked the woman why she had failed to warn the driver.

The spirit of this woman's reply indicated the force that ultimately will destroy nazi rule in Norway and every other country:

"I thought," said the woman, "that they were going to England!"

The French have a brand of fascism of their own, but even that is diluted with the general trend of French thought. Germany reports now and then the murder of a German army officer in France. In reprisal the Germans single out a few of the most leftist Frenchmen and shoot them. These very leftist Frenchmen executed in reprisal do not represent the true spirit of France. Many French officials probably are glad to be rid of the nazi victims. In Germany, we suppose, if an officer is killed the real slayer is caught and beheaded. In France the nazis slay two or three others. That's a dilution that can't be overlooked.

In one Belgian city the Germans ordered all Jews to wear identifying badges. Next morning practically all inhabitants of the city appeared with badges proclaiming themselves to be Jews. That's more than a dilution of nazi philosophy.

In the United States army during the World War men sometimes used to offend the rules and were slapped into the brig for their waywardness. To keep these prisoners from being cursed by idleness it was customary to give them tasks to do. Each prisoner, or each detail of prisoners, was accompanied by a guard carrying fixed bayonet. Perhaps that still is the practice. It was considered necessary in order to make the prisoners do their work and to keep them from running away.

Germany will be able to control the world as

soon soon as Hitler is able to provide an armed nazi sentry with fixed bayonet to supervise every one of the world's 2 billion inhabitants day and night.

Hitler's job is too big. He should have stuck to paperhanging, or interior decorating, or whatever he claims to have done.

Mr. Roosevelt's Best Friend

Mrs. Sara Delano Roosevelt, mother of the President, who died Sunday, was reported to have said that when Franklin was young she never dreamed or hoped that some day he would become President of the United States.

In that respect, if she was quoted correctly, she was a most unusual mother, with modest aspirations as to her son's future. Perhaps Mrs. Roosevelt did not tell all the thoughts she might have entertained as she stood beside the cradle of the infant Franklin. We suspect she watched him at times and wondered what niche he would occupy as he grew to manhood, and that she at least surmised he MIGHT become President. That wouldn't be wishing that he WOULD be chief executive—would it?

A mother of six tall sons once remarked that when each of these was in infancy she hoped for each successive one to become President. At last, realizing that the law of averages and such like was against her, she began to hope that one might be President, another a senator, another a governor, and so one—with never a wish for her own future. But she was a poor woman. Mrs. Sara Delano Roosevelt didn't need to make wishes for her son's financial future. We can assure ourselves, however, that whenever Mrs. Roosevelt thought about Franklin's future, she wished he would become a great and useful man.

We've heard of women who don't take much stock in Mr. Roosevelt, but Sara Delano Roosevelt was not among them. Others may question his policies, but we know, because she was his mother, that Sara Roosevelt thought her son the greatest President this country ever had. Roosevelt may be questioned by his very closest friends, and he may lose some of them, but if his mother had lived to be 200 years old the President would always have had at least one perfect fan. No man ever gets put in the doghouse by his own mother.

We think the nation will mourn the loss of this mother in part because of her outstanding quality of humor. It was not biting, sarcastic—but just funny. That was nearly all the public knew of her.

The Actual Damage From Bombing

To read the stories of the great bombing raids on London, to see the pictures of the roaring fires and crumbling walls gives an impression that most of the city must be leveled. Yet we know that this is not the case.

How much actual damage is being done by these ferocious bombings? The Economist, British financial journal, estimates that damage to British property from German bombing in the first two years of the war comes to \$480,000,000. They reached the estimate from the actual figures of an insurance company which found losses to its London holdings had reached 3 1/2 per cent.

If this estimate is anywhere near correct (and of course no one can know) the surprising thing about it is that it is not greater. The really great losses of this or any other war are not those which can be measured in dollars.

500 Planes to Take Part in War Games of American Army

Converge on Texas and Louisiana Airports Today for Action

With Armies in Louisiana, Sept. 11—(AP)—An air force of 500 representative American fighting and bombing planes converged on Louisiana and Texas airports today, preparing to add realistic air support to the Second and Third armies in their gigantic war games opening Sunday.

Army, navy and marine pilots have been coming from all directions this week to band together into air task forces as they would in the event of actual hostilities. The group includes 450-mile-an-hour fighters and 300-mile-an-hour bombers. There will be one such force with each of the field armies.

Task forces are organized for a particular job and these—the largest the United States has ever assembled under a field command—will provide a preview of the recently organized air support commands attached to the nation's four field armies and the armored force.

The only planes not represented in the compact fighting force for the maneuvers are the four-motored fortress bombers. They could not operate with either of the field armies under the conditions set up for the two weeks exercises.

Britisher to Watch Games In the simulated warfare, the Third army is merely the advance force of a powerful invader and the Second army, which pushed in from the north, is the "feeling out" force of a larger defending army. The long range bombers would operate from bases far inland.

So important is the Louisiana test that Air Vice Marshal P. C. Malby, of the Royal Air Force, will come from Washington to observe action next week.

The planes sent to the south were taken from the nation's air force "without interfering with the training program," said Maj. General Herbert A. Dargue, commander of the Third air task force.

In their search for enemy bombers, the fighting planes will get some of their directions through operation of a widespread aircraft warning service in which 16,000 civilian spotters will cooperate.

James Johnson's Tangle Is Finally Straightened Out

Valley Falls, R. I., Sept. 11—(AP)—James Henry Johnson, home on leave from the navy, spent a good part of his free time trying to keep out of the army. Johnson had just arrived after eight weeks training at the Newport naval station when a policeman knocked on his door. "Please hurry to town hall", the cop instructed.

"What for?" Johnson wanted to know. "You're going in the army". "But I'm in the navy", protested Johnson.

He showed leave papers. "All I know", said the policeman, "is that the draft board wants you down at the town hall—quick".

So Johnson went. At the hall, he repeated his story, but to no avail.

With 10 selectees, he was put aboard a bus for the Providence induction center.

Johnson finally met Major Stanley Powolski, recruiting chief there.

A few telephone calls to the Newport naval station straightened out the tangle.

The army paid Johnson's fare home.

Says Movies Club Peace in America

Washington, Sept. 11—(AP)—

A senate interstate commerce subcommittee heard charges today that a privately-controlled censorship was being operated within the motion picture industry to "club those who want to present the side of peace in America".

John T. Flynn, newspaper and magazine writer, made this accusation at hearings on a resolution by Senators Nye (R-N.D.) and Clark (D-Mo.) to investigate the alleged dissemination of war propaganda.

Flynn testified after Nye and Clark had engaged in heated controversy through public statements, with Wendell L. Willkie, 1940 Republican presidential nominee and movie industry counsel.

Nye accused Willkie of attempting to halt the investigation in an endeavor to "cover up the viciousness of the motion picture theaters". Willkie replied that Nye's charges were "laughable", asserting the industry was anxious to show to the committee the pictures about which Nye and Clarke complained.

Flynn, a member of America First Committee opposing American involvement in the war, declared that a monopolistic form of censorship had grown up within the movie industry through the establishment of production code administration by the Will Hays organization.

"Over Enthusiasm" by Ickes Charged

Washington, Sept. 11—(AP)—

A special senate investigating committee reported today there was no actual shortage of gasoline or other petroleum products in the east and recommended immediate removal of existing restrictions.

Accusing Secretary of Interior Ickes, defense petroleum coordinator, and his aides of "over enthusiasm" in creating "unnecessary alarm" among the public, the special committee said that the "shortage, as we see it, is a shortage of surplus—and not a shortage of products or a lack of facilities to transport them".

Chairman Maloney (D-Conn.) in presenting the finding to the senate, cautioned that it was preliminary. He added that the fact finding group resume public hearings whenever it found them necessary.

The group began hearings August 28 after Ickes and Harold K. Davies, deputy coordinator, had issued a series of public warnings about gasoline and oil shortages along the populous Atlantic coast. Filling stations and other retail outlets were ordered to close from 7 p. m. to 7 a. m. and supplies to retail outlets were cut 10 per cent below July deliveries.

Aid Society—Mrs. Anna Bothe and Mrs. Earl Bothe were co-hostesses to the St. James' Aid society on Wednesday at the former's home. A scramble luncheon was followed by a business meeting conducted by the president, Mrs. Hazel Duffy.

Twenty-three members responded to roll call, following the opening song, "Sunshine in My Soul". Mrs. Cleona Hopkins was welcomed as a new member. Mrs. Carl Breimer presented a Scripture reading.

A short program was followed by the business session and program. The social committee announced the society's annual chicken supper for later in the month.

NEWS BEHIND THE NEWS

By PAUL MALLON

(Distributed by King Features Syndicate, Inc., reproduction in whole or in part strictly prohibited.)

Washington, Sept. 10—Hitler's sudden, mad inclination to fight American ships—after having cautiously avoided them for years—could have only one reasonable explanation. (Hitler's madness is always reasonable for his own crafty purposes.) He wants to force the issue of popular opinion in this country on our involvement in the war. Incidentally, he wants to show Japan that he can offer her some distracting support.

This is the only plausible explanation for his sudden change of front toward belligerency with us that has gained any wide support among authorities here.

If this is true, it is a typical Hitler game. By forcing increased tension upon the United States he may possibly succeed in creating stronger popular divisions over aid to Britain, etc. He may also possibly furnish some infinitesimal aid to Japan if his campaign causes Mr. Roosevelt to start conveying, because that may require some minor withdrawals from the fleet facing Japan in the Pacific.

But if these are the purposes, they represent a desperate gamble, perhaps a necessary one from his standpoint now that his Russian campaign is in danger of being frozen up by winter.

Incidentally they have developed at a time when obvious large question marks about the condition of German morale have arisen. The British have been throwing really destructive forces of bombers at Berlin. The people of Berlin have never been told that London has been partly destroyed. They do not know their raids are in long delayed retaliation for what their own forces have done. All they were told is that the British could never reach Berlin. They were assured by Papa Goering they would be safe.

If the sudden sight of really destructive bombing parties (not the pitiful few raiders of last winter) coming now on top of the Russian campaign, has not made the Berbers think of 1918 they have lost the power to think.

At the same time, the crew of the German submarine captured from the air by a plane, failed to act like Hitler's sailors have been performing up to now. On the sea, the nazis have been the fiercest of fighters, willing to scuttle any moment their ships and their lives for the fuhrer. The Italians are the only ones in this war who have let their submarines be captured.

Eye-witness accounts of the surrender of the German sub to an airplane mentioned nothing about the Germans manning their guns, or attempting to scuttle or get off in their inflating boats. They let the British tow into port a submarine which will be of great scientific value to the British who will be inspecting its secrets for months.

The end of this war, when it comes, is likely to originate through the decision of the German army leaders that they have had enough of Hitler. When that time comes they might draw their still vast force back within Germany (as they did before), destroy the nazi leaders in one way or another, install the crown prince, and sue through the pope for peace. They might then have enough of an army left to make an invasion extremely difficult and expensive in lives.

Until the army leaders see they cannot win, a political or economic collapse within the reich is hardly to be expected in view of the complete army control of the nation. Lack of oil and food might well cause them to reach such a decision before a defeat on the field of battle, but, of course, there are no signs they are near that decision yet.

Happy Birthday

Some 200 Guests Turn Out to Meet Mrs. J. E. Reagan

Some 200 reception guests who assembled at the First Christian church last evening were granted a double privilege, with a former pastor of the church, the Rev. B. H. Cleaver and Mrs. Cleaver of Lisberry, Mo. in attendance, in addition to Mrs. J. E. Reagan of Hollywood, for whom the courtesy was planned.

Mr. Cleaver and Mrs. Reagan shared the evening's program as speakers, with reminiscing as their common theme. Both reflected

pleasure in recalling their former residences here.

As a special feature of the evening's program, Mrs. Reagan graciously responded to an invitation to appear with the ladies' quartet with whom she sang frequently while residing here. Mrs. A. P. Tice, Mrs. Nellie Palmer, and Mrs. C. C. Emmert sang with Mrs. Reagan, with Mrs. Nate Morrill as their accompanist.

Mrs. Nellie Palmer and Mrs. Clinton Rhodes presided at the candlelit tea table.

Mrs. Carl Straw arranged the evening's program, which also included: Piano duet, Hazel Louise and Betty Emmert; greetings to the guest of honor; response, Mr. Cleaver; vocal solo, Eugene Lebre; short talk, Mrs. Reagan; duet, Estherelle McLennan and Saville

SOLOIST

Edith Andrew Burchell, Oregon composer and soloist, sang several selections at a meeting of the Republican Woman's club in Chicago, Monday evening. Mrs. Burchell accompanied a group of Rockford clubwomen to the meeting.

Palmer; short talk, the Rev. R. W. Ford, pastor of the church; hymn, "Blest Be the Tie that Binds."

A series of informal parties will compliment Mrs. Reagan during her stay here, however, she plans to accept no engagements for Sunday morning (other than attending Sunday school at the Christian church) so as to be on hand to greet her actor son, Ronald, and his actress wife, Jane Wyman, at the train.

Amboy Church Is Announcing Fall Festival

Members of the Baptist church of Amboy are announcing their annual Flower Show and Fall Festival for Tuesday, Sept. 16, in the church basement. Doors will be open from 2 to 5 p. m. and from 7 to 9.

All entries must be at the church by 12 o'clock, and judging will start at 1 p. m. Classes and entries have been listed as follows: Flowers and plants, fresh fruits and vegetables, canned fruits, vegetables and jellies, fancywork, quilts, artwork and hobbies.

All amateur exhibitors in Amboy and surrounding community are invited to display any number of exhibits, and ribbons will be awarded for first, second and third honors. All exhibitors are asked to provide their own containers.

Refreshments will be served, both afternoon and evening, and a special program will be presented at the evening show.

Anyone desiring to obtain flowers to be presented to the sick and shut-ins of Amboy and vicinity, may ask to have the blossoms delivered on Wednesday.

RENA HOPKINS IS HOSTESS AT BRIDGE PARTY

A dozen young women, most of whom will be leaving Dixon soon for college campuses of their choice, were circling bridge tables on Tuesday evening, as guests of Rena Hopkins. Miss Betty Witzleb and Miss Mary Louise Smith were fortunate in the card games.

Mrs. Danekas attended Rochelle Township high school, and has been employed at the Maxson Bakery. The bridegroom was graduated from Steward high school and has been farming with his father.

The couple are residing in Rochelle.

HIMERT-ROUSE

Announcement is being made of the marriage of Miss Elinor Rouse of Mt. Morris and Glen Himert, son of the Fred Himerts of Byron, which took place Friday, Aug. 29, in Kansas City, Mo. Since their return to Mt. Morris, the couple have been complimented with a housewarming at their apartment, and a picnic at the White Pines state park. Mr. Himert is with the Barber-Colman company of Rockford, and his bride is employed in the news office of Kable Brothers in Mt. Morris.

FRIENDLY EIGHT

Mrs. Henry Pollock invited members of the Friendly Eight club to her home yesterday, ushering in the group's fall party series. Tables were placed for bunco, and those sharing favors at the close of play were Mrs. William Eller, Mrs. Bessie Buckingham, Mrs. Roy Randall, and Miss Donna Cabel.

Mrs. Harry Fishback is to entertain in two weeks.

DESSERT-BRIDGE

Mrs. Fred Meinke was entertaining with a dessert luncheon yesterday at the Meinke cottage for members of her bridge group, who are resuming their party series for the season. Mrs. Charles Sworn, Jr. and Mrs. George Scott received prizes.

In two weeks, the group will return to the cottage for a breakfast party.

BIRTHDAY DINNER

Amoma class members of the First Baptist Sunday school celebrated the birthday anniversary of their teacher, Mrs. W. D. Milliken, with a scramble supper Wednesday evening in the church parlors. The guest of honor was presented with a decorated cake and other gifts. About 25 were present.

ROCHELLE GIRL BECOMES BRIDE

Mr. and Mrs. Herbert Kuemmel of Rochelle are announcing the marriage of their daughter, Evelyn, to Franklin Danekas, son of Mr. and Mrs. Stoddard Danekas of near Steward. The double ring ceremony was solemnized Saturday evening by the Rev. Herbert J. Doran at the Presbyterian manse in Dixon.

Miss Marion Danekas and Stoddard Danekas, Jr., the bridegroom's sister and brother, attended the couple. Both Miss Kuemmel and Miss Danekas wore street-length dresses of navy blue with harmonizing accessories.

Mrs. Danekas attended Rochelle Township high school, and has been employed at the Maxson Bakery. The bridegroom was graduated from Steward high school and has been farming with his father.

The couple are residing in Rochelle.

Sublette Man Claims Bride

The first wedding ceremony to be solemnized in the LaSalle Baptist Tabernacle was performed Saturday afternoon for Miss Myrtle Brown, daughter of the Arthur Browns of Cherry, and Reginald Rapp, son of Mr. and Mrs. Rapp of Sublette. The single ring ceremony was read at 2 o'clock by the Rev. Robert A. Cook, pastor of the church.

Mrs. Axel Johnson, church organist, presented a short program of nuptial selections. Mrs. Charles M. Rounds was soloist.

Miss Brown asked her sister, Helen, to be her maid of honor. Her bridesmaids were Mrs. Lester Althaus, a cousin, and Miss Irene Pinter. Milton Rapp served his cousin as best man. Ushers were Raymond Engel and Lester Althaus.

The bride, who was given in marriage by her father, was dressed in white slipper satin, with a circular train. Wide bands of Chantilly lace trimmed the neckline and waist. Her veil of net illusion was edged with lace, and was gathered into a tiara of seed pearls. She carried a tiny white Bible, with white flowers knotted into the streamers, and her only jewelry was a strand of pearls.

Miss Brown was wearing peach-colored chiffon. Mrs. Althaus chose light blue organza, and Miss Pinter was dressed in pink. Their blusher veils matched their gowns, and they carried identical colonial bouquets of white gladioli and pink roses.

A reception at the La Moille community hall followed the ceremony. Pink and white appointments decorated the table, with a tiered cake as the centerpiece. Serving were Mrs. Howard Lewis, Mrs. Blaine Monahan, Mrs. Clara

OPTIONAL PERSONALS

Both formal and informal attire alike will be circling the tables, when party-goers assemble in Brinton Memorial Masonic temple Monday evening for the Louella Parsons' Day banquet. The committee announces that the choice of costume is to be optional with the wearer for Monday evening's event, which promises to be one of the most colorful parties Dixon has seen in a long time.

ence Haas, Mrs. Howard Whitney and Mrs. Francis Rooney, assisted by Arlene Herrmann, Hazel Kessel, Ruth Foss, Erna Foss, Marilyn Lewis, Evelyn Lewis, Katherine Jane Glari and Jean Ingram.

Late Saturday, Mr. Rapp and his bride left on a week's wedding trip to the Wisconsin Dells. After their return, they will reside on a farm south of Sublette.

Spectacular Fire on Chicago's Lake Front Causes Heavy Damage

Chicago, Sept. 11—(AP)—Three hundred fifty firemen, manning 59 pieces of equipment, battled for more than three hours last night to bring under control a warehouse fire which Fire Marshal Michael J. Corrigan estimated caused damage of between \$200,000 and \$250,000.

The warehouse, a four story brick structure, sprang for some 600 feet along the south bank of the Chicago river in the Water street commercial area adjacent to Michigan avenue and its skyscrapers.

The building housed the Universal Carloading & Distributing Company. The firm's manager, Howard W. Montgomery, said 35 huge truck trailers, many of them loaded, were destroyed together with other freight.

Origin of the fire was undetermined.

See the movie stars in Dixon Sunday and Monday, Sept. 14 and 15. They arrive in Dixon, Northwestern station, 10:30 a. m.

ON CHAMPIONSHIP TEAM

Bob Evans of Dixon is a member of the Lyman-Quirks baseball team which defeated the Mauser's Boosters of the Calumet Region league in the championship game and are now the title-holders of Chicago. Their next battle is scheduled with the Frisania team of Springfield for the state crown and the right to represent Illinois in the national tournament at Battle Creek, Mich., Sept. 20-28. In the Amateur Managers' league the Lyman-Quirks have won nine and lost one, while in Federation play they captured five games and lost none. Bob plays catcher for the team.

"PREVUE FANS"

Several "prevue fans" saw the Dixon Dukes in action last night in the practice game with Rock Falls. Papas of the boys and those attracted to the field by the glare of the lights, lined the fences to see the 1941 version of the Dixon machine. Comments were varied, but all agreed that if pepper counts, the Dukes should go far. Now then, for a little experience.

BOARD OF DIRECTORS TO MEET

President George Beier of the Dixon Country club has announced that there will be an important meeting of the board of directors tonight at the clubhouse.

KEN DEFEATS EM

Ken Detweiler who was even par for 15 holes yesterday defeated Em Rorer in a semi-final match of the Country Club's Class A tournament. Em, who last Sunday won the Plum Hollow Class A championship, scored 544 335 554 for 38 and 435 435. Detweiler, the defending champion who must now meet the winner of the L. G. Rorer-George Joyce match, counted 535 325 444 for 35 and 535 334 and won, 5 up with three to go.

ELMER GOES TO FINALS

Elmer Meyers will play Clarence Strub in a 36-hole match for the Class C title at Plum Hollow this week end after Meyers defeated Jim McAllister, 5 up and 4 to go in a rain-drenched Tuesday match.

MT. MORRIS HERE SUNDAY

Mr. Morris Country club golfers will come here Sunday for a match with Plum Hollow starting at 1:30 in the afternoon.

QUOTE AND UNQUOTE

Sterling scribes write: "Sterling Township high squad is beginning to take more interest in football than was displayed during the first week of practice. The boys realize that the record they make is the one they will have to look at in future years and they want to make it worthwhile. There has been considerable speeding up in the backfield and the line is beginning to move. Things appear more encouraging."

Southworth Says Cards Are Ready

St. Louis, Sept. 11—(AP)—Two paths which have run side by side, intersected at times and never been out of sight of the other, converge today as Brooklyn and the Cardinals clash in a vital three-game series.

The Red Birds, as a result of their twin killing over the Phillies yesterday while the Dodgers dropped two to Chicago, are just one game behind pace-setting Brooklyn.

"Are we pointing for this series?" questioned Manager Billy Southworth. "Why, hell no, Brooklyn is just another team to us—we'll be playing just another game."

"However," he conceded, "our boys are ready. We'll give Brooklyn everything we've got."

"We're just playing from game to game and our ball club hasn't yet been tight or tense."

"Not Letting Down"

"Boy, I can tell you we are not letting down."

Southworth designated Lefty Ernie White as starting hurler today against Brooklyn's probable starter, Ed Fitzgerald.

But if the series is just three more games to the Cardinals, it's a preliminary World Series to fans.

From 65,000 to 75,000 are expected at Sportsman's park, and as early as last night this Mississippi river metropolis took on a highly festive air.

Hotels were filled. Night spots were jammed and baseball definitely stole the show from such other headline topics as war, national defense and President Roosevelt's scheduled address tonight. Even a threatened power strike which would have left St. Louis in darkness failed to dampen the enthusiasm of baseball's merry-makers.

The importance attached to this meeting between the National League's two pennant chasers is exemplified by the distance many fans traveled to witness the Cardinal-Dodger clash.

Dixon Dukes to Open Season Here Against Oregon Squad

LOCALS LOSE TO ROCK FALLS IN PRACTICE GAME

Sophomore Game Will Start at 6:30 P. M. Tomorrow

Rough, sharp and ragged edges of the Dixon high school 1941 grid machine were like suicide weapons to the locals here last night in a practice game with Rock Falls on the Dixon field.

Scoring two touchdowns to one by the Dukes. Coach George Quire's boys romped to a surprise victory and helped Coach C. B. Lindell to spot the weakness in the Dixon outfit. Too much tension and lack of experience produced the defeat for the Dukes and they were self-slain on their own altar.

Between last night and tomorrow night Coach Lindell has time—precious short time—to iron out the weaknesses before that season opener with Oregon here.

Not Co-ordinated

Although the Dixon team has a host of returning letter men, from both the varsity and sophomore ranks of last year, the two factions have not yet become co-ordinated, as last night's practice game with the Rockets demonstrated.

However, Quire came here with one of the largest teams Rock Falls has ever had and many of the lads are from last year's Rock River conference championship squad.

The Rockets played hard. They have plenty of beef and are fast charging. Their backfield is well balanced and no better outfit could have been chosen to give the Dukes their first "unofficial foretaste" of the 1941 season.

In the few cases where Dixon linemen and backfield men were outstanding they failed—largely through experience—to get the support of their mates.

Bob Underwood was the official at last night's two-hour practice drill with the Rockets.

Sophomores Game

Tomorrow night the 1941 season opens with a sophomore game with Oregon starting at 6:30 o'clock. The varsity game will follow.

After last night's scrimmage Coach Lindell is likely to make several revisions in his starting lineup before game time tomorrow. However, in the backfield it is likely that the lineup will be: Van Meter, Gilbert or Loftus; Sh. Schnake or Koth; rh. Joynt or Weidman; fb. Egler or Joynt.

Linemen from which the starters are likely to be chosen include: Shank or Knack, le; Weaver or Thompson, lt; Potts or Hink, lg; Sharias or Fulmer, c; Hoeman or Hess, rg; Edwards or Evans, rt; R. Collins or Weidman, re.

Coach Driver of Oregon's Hawks who finished the season last year in the Rock River conference with a 5-00 percentage, came to Dixon with only four returning varsity lettermen. They are R. Bocker, J. Weyrauch, C. Lamb and J. Ufferts. Around this quartet he has woven the outlines of a 1941 team which is expected to go far this season in conference circles.

CEDAR RAPIDS WINS TWIN BILL IN PLAYOFF SERIES

(By The Associated Press)

Cedar Rapids' Raiders nearly took their semi-final Three-Eye League playoff series in one swoop from Springfield last night.

With the opening of their best-in-five series rained out three straight nights in Cedar Rapids, the clubs moved to Springfield yesterday for a double header, and the Raiders took both games decisively, 17 to 6 and 6 to 1. They need only one more victory to clinch a place in the final playoffs.

League champion Evansville, winner in its first two games with Decatur in the other semi-final, lost the third encounter last night to the Commies, 3 to 2, as John Clay held the Bees in check. Evansville can take the series tonight with another win, but if the Commies triumph again the match will have to go five games.

Eight Runs in Seventh

Cedar Rapids scored eight runs in the seventh inning of its first game at Springfield, and rolled up 16 hits off three Brownie pitchers. Pitch Ray Post kept the Brownies from scoring until the ninth inning of the nightcap, when Johnny Vovosel hit a home run for Springfield's lone run.

Evansville will play again tonight at Decatur. All the Cedar Rapids-Springfield games will be played in Springfield, because heavy rains have made the Raiders' home field unplayable.

FARM PRICES UP

Springfield, Ill., Sept. 11—(AP)—Sangamon county farm land brought the highest price paid at auction sales in eight years yesterday when the 304-acre Booth estate was sold for \$177 an acre to Edward P. Jarvis.

Frenzied Dodgers and Cards Open Three-Game Series

By JUDSON BAILEY

(Associated Press Sports Writer)

The breath-taking battle for the National League pennant has come to another crisis.

The Brooklyn Dodgers and St. Louis Cardinals open a crucial three-game series in St. Louis today and the nation's baseball fans, a little limp from the frenzied fight that has been going on all summer are expectantly looking for these games to point out the eventual champion.

As a spectacle it will be a magnificent sight to see, but as a test of strength it is likely to be inconclusive simply because the teams appear to be so evenly matched.

They have collided 20 times already this season with St. Louis winning ten, Brooklyn nine and one game ending in a tie after 12 innings. They have played every day for five months and have arrived at this critical point in the schedule with only a single game separating them in the standings.

On that basis there seems little chance of either team sweeping the series and nothing less would be decisive. If Brooklyn wins two and loses one it will have a two game lead. If St. Louis wins two the teams will wind up a virtual tie.

Present Standings

Today the standings were:

Brooklyn 88 49 .642
St. Louis 86 49 .637

The bums from Brooklyn were bruised and beleaguered by an ambush at Chicago yesterday. Up till then they had hoped to parade into St. Louis and salt away the pennant with an impressive display of fireworks in the enemy's own yard. They had a three-game lead and were cocky. They had lined up their pitching staff for the Cardinal series a week in advance. They considered the Cubs as close friends if not personal relations. After all, about half the Dodgers were former Cubs and last Thursday, while Brooklyn was being kept out of trouble by a drizzling rain, Chicago chopped the Cardinals out of the league lead by capturing a doubleheader.

It was a terrible shock, therefore, to have the Cubs stick a dagger in the backs of the Bums yesterday by winning two games 5-4 and 5-3. Kirby Higbe, the only 20-game winner in the National League, had a 3-0 lead going into the last half of the eighth in the first game and the Dodgers were entirely unsuspecting.

Fire Breaks Out Again

When Phil Cavarretta tripled and Bill Nicholson doubled, Whitlow Wyatt rushed onto the scene in full majesty. Dom Dalesandro singled, but Wyatt put out the fire. It broke out again in the ninth, however, with three more runs—two singles, a double by Lou Stricker, and finally a single by Bill Nicholson for the winning run.

On top of this Paul Erickson pitched six-hit ball in the nightcap, and Bill Nicholson hit a two-run homer in the seventh inning for the margin of Chicago's second victory.

The Cardinals met stubborn opposition from the poor but proud Phillies, yet managed to cop their doubleheader 3-2 and 1-0. The Cards were held to six hits in the first game, but one of them was a two-run homer by Johnny Hopp and Lon Warneke and Bill Crouch let the tail-enders have only seven safeties. Then in the second game Harry Gumbert pitched a masterful three-hit shutout and a triple by Johnny Mize followed by Martin Marion's single in the fourth provided all the margin he needed.

Braves Beat Reds

The Boston Braves beat the Cincinnati Reds 4-1 in 15 innings and the Pittsburgh Pirates out-slugged the New York Giants to win 10-7 in the other National League games.

In the American League the Boston Red Sox battered the Detroit Tigers 11-2. The Chicago White Sox crushed the Washington Senators 12-0 for Thornton Lee's 19th victory and the Philadelphia Athletics downed the Cleveland Indians 6-4.

CALIFORNIA TITLIST IS ONE TO BEAT IN WOMEN'S NATIONAL GOLF TOURNEY

Brookline, Mass., Sept. 11—(AP)—Having established himself as one of those rare sports competitors who refuses to ever consider defeat, Mrs. Betty Hinkle Newell, the California golfer, today appeared to be the one to beat in the Women's National Golf Championship entered the quarter-finals stage at The Country Club.

While the tourney has been suffering an unusual number of upsets, ranging from minor to major, Mrs. Newell has managed to survive despite the early odds against her. Yesterday she bested Mrs. H. Warren Beard of Newton, winner of several Massachusetts titles, by a 4 and 3 margin. Today Mrs. Newell appeared faced with a more difficult assignment, against one of her sectional rivals, the long hitting Clara Callender of Pasadena, Cal., a semi-finalist last year, who gained the round of

eight by dispatching Mrs. Glenn Collett Vase of Philadelphia, a six time national titlist, by the one-sided score of 5 and 4.

Four seedsmen were among the eight to gain the third last round but, due to the luck of the draw, all but one of them were bunched in the upper half. As a result, Mrs. Reinert M. Torgerson of Great Neck, N. Y., will engage Helen Sigel of Philadelphia, and Mrs. Sylvia Annenberg Lechner, the Metropolitan champion, will match strokes with the capable Mrs. Frank Goldthwaite of Fort Worth, Tex.

Sports Roundup

By HUGH S. FULLERTON, JR.

New York, Sept. 11—(The Special News Service)—The week's best quote: Just before he left to see the Dodgers tackle the Cards, Larry MacPhail remarked, "I don't see how our experienced club can blow a three-game lead."

Anyways, he can't claim the Cubs were playing favorites. They said they'd treat the Dodgers the same as the Cards, and they did just when it hurt the most. . . Del Miller, the youngster whom trotting horse drivers pick as their coming champion, isn't wasting any time getting there. He drove at the Reading (Pa.) fair last Monday afternoon and at Roosevelt Raceway on Long Island that night. . . Morris Siegel quit a job as assistant sports editor of the Richmond Times-Dispatch to join the navy. So what do you suppose he's doing now? Writing sports copy in the publicity dept. at the Norfolk Naval base.

Today's Guest Star

Dominic Pepp, Waterford (N. Y.) Times: The National Boxing association's convention action in condensing the exploitation of boxing is superficial. Boxing, both professional and amateur, has long been recognized as athletic commercialism. The N. B. A. designates its champions and the New York Boxing commission approves another set. The victim of the 'champion' system is, as usual, the public.

Cleaning the Cuff

Whatever became of the guys who thought baseball was losing out as the national game? . . . If they're still around, they might like to know that more than 25,000 fans turned out in Youngstown, O., Sunday to see ten early-round games in the National Amateur Baseball Federation tournament. . . The golf pros aren't complaining, but they're beginning to wonder where all the dough comes from. . . In September, usually an off month in the tournament league, they've already had the \$11,000 Tam O'Shanter Open and have \$5,000 tournaments coming up at Atlantic City, Philadelphia and Providence, R. I. . . Most of them are new events, too. . .

Clemson footballers always can give the opposition a Payne. . . First they had Oliver Payne, a guard, Joe, an end, followed him; Booty, a reserve back last year, is slated for a first string job this season and the last Payne, Jackie, another back, is on the reserve list. They're all brothers from Greenville, S. C. . . Casey Stengel, who can figure the angles like a geometry teacher, comes up with another. He's decided it often does a rookie more harm than good to get a big league trial in the fall. . . Too many of the kids, he thinks, lose their taste for minor league groceries after sampling the big time grub and if they have to go back for seasoning they don't have the same enthusiasm.

AP Survey

An Associated Press survey of more than a dozen leading coaches throughout the country finds the majority willing to go along.

Bernie Bierman of Minnesota (which may not need any "substitutions" also feels the change "is going to be a good one."

Harry Stuhldreher of Wisconsin believes the coaches "will control it" while Bob Zuppke of Illinois stresses the importance of the 25 second clause. Frank Leahy of Notre Dame prefers to withhold judgment until the season starts.

TWO OF FINLAND'S BEST ATHLETES KILLED IN WAR

Heininki, Sept. 11—(AP)—Two of Finland's outstanding athletes, Kalle Jalkanen, skier, and Kalle Järvinen, shotputter, were killed in action on the Karelian Isthmus Sept. 5, it was announced today.

Jalkanen, former world champion cross country skier, scored a notable victory in the 1936 Olympics when he came from behind in anchor position to beat Norway in the 40-kilometer relay race.

It's Washington First for Gophers

Chicago, Sept. 11—(AP)—In the locker room of the Minnesota football team, Trainer Lloyd Stein has thumb-tacked a sign on the bulletin board:

"Washington first."

It's an old Stein custom, designed to keep the Gophers on their toes. This sign refers to Minnesota's game at the University of Washington, Sept. 27, one of four top-notch contests in which Big Ten teams will participate on that opening day of the season. And the Gophers, 1940 Western Conference champs, are being prodded from the start.

Yesterday when their first grid drill of the year was held, Coach Bernie Bierman showed the lads everyone would get his chance by putting a sophomore, Herman Frickey, on his tentative first team backfield.

It was business from the start in all Big Ten games yesterday. At Ann Arbor, Coach Fritz Crisler worked with 60 candidates in preparation for Michigan's opener, Sept. 27, with Michigan State and assembled a line in which all but one were veterans.

At Ohio State

At Columbus, the Ohio State squad of only 41 worked out in a morning downpour and then attended an afternoon session at which the new Buckeye coach, Paul Brown, started his "play-a-day" plan.

Coach Lynn Waldorf appeared pleased as many of his North-western squad of 65 men reported showing they had engaged in pre-practice conditioning. Fullback Don Clawson, who weighed 255 pounds four weeks ago, was on hand with his weight down 22 pounds.

Coach Eddie Anderson sent his Iowa team through a long signal drill and conditioning workout, while Harry Stuhldreher, Wisconsin mentor, summed up the results of the Badgers' first practice with "they look mighty good."

Bob Zuppke conducted an hour-long skill session at Illinois and then lined up a team which included 10 lettermen.

Purdue's coach, Mal Elward, laid emphasis on speed, timing and blocking in a double drill. Bo McMillin's Indiana turnout was one of the smallest in 10 years. Only 43 candidates reported.

Notre Dame's new coach, Frank Leahy, said he hoped to hold a light scrimmage by Saturday as the Irish drilled on fundamentals.

OKESON CLEARS RULE ON GRID SUBSTITUTIONS

By BILL BONI

New York, Sept. 11—(AP)—Signals off, men! There's nothing wrong with the new unlimited substitution rule in college football that precise stop watch officiating can't fix.

That's the word today from Walter R. Oakeson, chairman of the football rules committee, with a supporting chorus from Fritz Crisler of Michigan, head of the Football Coaches association, and Lou Little of Columbia, No. 1 man in the Coaches Rules committee.

The misunderstandings, as Oakeson terms them, which arose when substitutions dragged out the Chicago and New York All-Star games interminably were due to failure to study the rule, and specifically one of its clauses, with due care.

"Substitutions," says Oakeson, "may be made at any time but they can be made without penalty only when time is out. . . . When, for instance, the watch is stopped by an incomplete pass, ball going out of bounds, etc., substitutions can be made without penalty. But if the attacking team fails to get the ball in play within 25 seconds after the referee has placed it, that team will be penalized. If the defending team tends to cause delay by sending in a substitutes as play is about to be started it is penalized. . . .

"In short, if there are no substitutions, 25 seconds may be consumed in putting the ball in play. And if there are substitutions, not a second more is permitted."

AP Survey

An Associated Press survey of more than a dozen leading coaches throughout the country finds the majority willing to go along.

Bernie Bierman of Minnesota (which may not need any "substitutions" also feels the change "is going to be a good one."

Harry Stuhldreher of Wisconsin believes the coaches "will control it" while Bob Zuppke of Illinois stresses the importance of the 25 second clause. Frank Leahy of Notre Dame prefers to withhold judgment until the season starts.

TWO OF FINLAND'S BEST ATHLETES KILLED IN WAR

Heininki, Sept. 11—(AP)—Two of Finland's outstanding athletes, Kalle Jalkanen, skier, and Kalle Järvinen, shotputter, were killed in action on the Karelian Isthmus Sept. 5, it was announced today.

Jalkanen, former world champion cross country skier, scored a notable victory in the 1936 Olympics when he came from behind in anchor position to beat Norway in the 40-kilometer relay race.

MEN'S BOWLING TEAM CAPTAINS ARE ANNOUNCED

City Leaguers Will Open Season Here Tuesday Night

A windstorm in a saw mill wouldn't be able to scatter more lumber than will be tossed around the alleys of the Dixon Recreation when the men's bowling leagues of the city open their 1941-42 program next week.

Leading off the season will be the members of the City League which begins bowling at 7 p. m.

City League teams and their captains are as follows: Meyers Royal Blue (E. Meyers); Three Deuces (Doug Curran); Dixon Post Office (G. Horton); Schlitz (R. Grow); Strub & Schultz (C. Strub); Reynolds wire (L. Fordham); Blackhawk Food Stores (H. Hollman); Myers & Nolan (L. Myers).

Wilbur); Pontiacs (O. Welty); Dixon One-Stop (Ted Metzen); Welch & Brader (D. Brader).

Commercial League

The Commercial League will roll on Thursday nights with the following teams and captains: Round-Up (G. Aschenbrenner); Sparky's Fenders (S. Campbell); Dixon Telegraph (J. Shultz); Coca Cola (H. Deibert); Cahill's Electric (J. Cahill); National Tea Store (G. Courtright); Reynolds Wire Co. (Cy Winebrenner); Budweiser Gardens (Milt Harwood).

The Chaffeurs and Helpers Local Union will start their schedule on Thursday night, Sept. 18, at 9 o'clock.

Teams in this league are Dorn Transfer, Walter Knack, Hal Roberts, Keeshin Motors, Rock Island Transfer, Prince Castle, Hey Bros, Chaffeurs Local.

Major League

The Friday night loop, the Major League, opens on Sept. 19 with the following teams and captains: Dixon Paint Store (J. Trimble); Dixon Cafe (E. Worley); Sunnybrook (Dr. R. Dwyer); Freeman Shoes (Les Smith); Ventler's Tavern (Elmer Clend); Reynolds Wire (C. Becker); Meisterbrau (Bill Maloney); Hunter Co. (V. Stimson).

YESTERDAY'S STARS

(By The Associated Press)

Bill Nicholson and Paul Erickson, Cubs—Former knocked in deciding run with single to beat the Dodgers in first game and hit two-run homer in nightcap in which latter pitched six-hit ball.

John Topp and Harry Gumbert, Cardinals—Hopp hit homer with one on in first game and Gumbert pitched three-hit shutout against Phillies in second encounter.

Debs Garmis, Pirates—Drove in four runs to lead attack on Giants. Ray Berres, Brave—Set off winning rally against Reds with single in 15th inning.

Bobby Doerr, Red Sox—Batted in two runs with double and also hit homer to whip Tigers.

Fred Caliguiri, Athletics—Kept eight hits scattered to beat Indians.

Thornton Lee, White Sox—Coastal to 19th victory by holding Senators to nine hits.

Long Winter About To Settle Down on Soldiers in Russia

Armies Face Perils of Mud, Ice, Snow; May Put Blitz on Blink

New York, Sept. 11—(AP)—The Special News Service—Through a critical summer—for 12 weeks—the Russians have stood off the Germans. Barring a sudden collapse of soviet defenses, Adolf Hitler's armies which he has trained for blitzkrieg are fated to endure the rains, snows and gales of a six to nine-month Russian winter.

The war dispatches make it clear that winter already is setting in. Steady, pouring rains and fog are reported from the northern front about Leningrad and Smolensk, west of Moscow. A German army reporter speaks of "bottomless mud" about Leningrad.

These are the autumn rains which will extend to the Ukraine and be succeeded by the long, severe winter. Not until April in the south, until May or June in the north, will there again be warm weather. And even then there will be the brief spring when the thaw makes a morass of Russian plains and bogs. Huge ice blocks will grind and crunch along

the broad, deep rivers then at flood stage.

The autumn rains and the spring floods may interfere more with the campaign plans of the German generals than the actual winter. Fog and rain ground scouting and bombing planes. Tanks and supply trucks become mired in the mud. Floods and ice flows sweep away pontoon bridges. Many a disaster can occur to an army depending upon a tenuous line of communications under such conditions.

Will Hate Winter

It is the common German soldier who will hate the winter. He will have to march and attack through snow two feet, even three or four feet deep. Terrible winter gales will sweep his camp. Snapping below-zero temperatures will numb his body. Added to the immense casualties the Germans have suffered in fighting will be the frozen feet, hands and faces which may send tens of thousands of them to the hospitals.

In the winter war of 1939-40, the Finns and Russians fought in 40 below zero temperatures north of Leningrad. Extreme cold, however, extends far south to all Russia except the Crimea, a narrow strip north of the Black sea and parts of the Caucasus.

Kiev, the capital of the Ukraine, is about the same latitude as Newfoundland or Winnipeg. The Caucasus is about the same as New York City or Salt Lake City. Moscow's latitude is about the same as Edmonton or the

south shore of Hudson Bay. Leningrad is about the same as the southern tip of Greenland or Anchorage, Alaska.

No Tempering Waters

But too much cannot be read into these latitudes, for Russia is a great land mass, untempered by warm waters.

By December it is cold enough in the Ukraine to freeze over the rivers. Cattle and sheep perish in the blizzards of mid-winter. Even the northern part of the Caspian sea freezes, and occasionally fishermen are trapped on floes there.

By the end of November Leningrad to the north is closed in by ice, and stays that way until May, sometimes June.

The Russians, who started their invasion of Finland on Nov. 30, 1939, found themselves stopped by deep snowdrifts almost immediately.

back from Moscow through the blizzards, however, should not cause Americans to think the same fate is certain to meet Hitler's armies.

Skies over the present front probably will be their clearest in the winter months. The blue winter skies will be favorable to aerial operations. The rivers, when thickly frozen over, no longer will be formidable barriers to

tanks and masses of infantry. The roads, now deep in mud, will be hard and firm for the movement of supplies.

WORK OUT DEBTS

In Thailand (Siam), debtors who fail to discharge their obligations after a given time are forced by law to work for their creditors until the debt is settled.

Two Chicago Cubs Run Into Trouble Last Eve

Chicago, Sept. 11—(AP)—Motor trouble which developed in their automobile proved expensive last night for Babe Dahlgren and Charles Gilbert, first baseman and utility outfielders, respectively, for the Chicago Cubs baseball team. When the car stalled on the

south side, Gilbert started to get out to find a mechanic. Instead, he told police, he was confronted by two negro robbers, one armed with a knife, the other a gun. He surrendered a \$50 watch and \$20 cash and Dahlgren a \$100 diamond ring, a \$50 watch and \$15 cash.

A Swedish cake called "spatt kaka" required 80 eggs.

COOL CUCUMBERS

The cucumber usually has a temperature 1 degree lower than that of the surrounding atmosphere. Hence the expression, "cool as a cucumber."

Almost one-fourth of all the Confederate soldiers killed in the Civil War were from North Carolina.

Estimates of Illinois Crops Announced Today

Washington, Sept. 11.—(AP)—Basing its predictions on Sept. 1 conditions, the agriculture department estimates that Illinois will have a 1941 corn crop of 381,350,000 bushels, an average of 50 bushels an acre.

Other estimates: Potatoes 3,420,000 bushels; apples (as of Aug. 1 condition), 3,812,000 bushels, 61 per cent of normal, and oats, 144,102,000 bushels, or 42 bushels an acre.

Soy bean (for beans) production in the state was estimated at 54,112,000 bushels, or 22.5 bushels an acre.

Royal Air Force Hits North Italy in Raids

London, Sept. 11.—(AP)—Royal Air Force bombers raided Turin last night in the heaviest attack yet made on northern Italy, authoritative British sources said today.

The main objective of the many heavy bombers taking part in the assault was given as the Royal Arsenal. British officials said large fires were left burning.

The last previous attack on northern Italy occurred the night of Jan. 12-13 when Turin was raided for the 15th time.

Icelandic Vessel Sunk by Nazi Sub

Washington, Sept. 11.—(AP)—V. Thor, chairman of the Iceland government trade commission, said today the 1,215-ton Icelandic vessel Hekla was sunk in late June by a submarine while en route from Iceland to Canada.

Thor said the vessel was torpedoed and that 14 members of the crew were lost and six survivors were picked up by a British warship.

He thought the sinking took place June 29. United States armed forces did not occupy Iceland until July 7.

Thor said the Berlin radio announcement picked up by NBC's listening post in New York was the first positive information that the vessel was sunk by a German submarine.

The vessel was Icelandic-owned and flying the Icelandic flag, Thor said.

The U. S. state department yesterday announced details of the sinking of another vessel on the Iceland route, the American-owned, Panamanian-registered Sessa.

This ship was torpedoed and

sunk without warning Aug. 17, 300 miles from Reykjavik, Iceland while en route to New York.

FALL FATAL TO BOY
Joliet, Ill., Sept. 11.—(AP)—Dale Quarnstrom, 7, playing in a neighbor's home, fell down a flight of stairs last night. He was a "little groggy" but apparently not hurt.

This morning, when his parents awoke, he was dead. Dr. J. W. Muncy said the boy's skull had been fractured.

Siam adopted the name Thailand in 1939.

Navy Pilot Forced to
Land Near Folks' Home
Morrisonville, Ill., Sept. 11 —
(AP)—Mechanics were at work
today repairing one of the navy's
new Brewster fighting planes
which was damaged slightly yes-
terday when Pilot P. L. Nagle at-
tempted a takeoff from a field
close to the home of his parents,
Mr. and Mrs. George Nagle, near
here.

Nagle, who was not injured, said
one wheel struck a rut in the field
when he attempted to take off
after a forced landing. The left
wheel and a wing tip were dam-
aged. Nagle was flying the ship
to the west coast.

STOMACH ULCERS FATAL
Whitehall, Ill., Sept. 11—(AP)—
Kenneth Priddy, who lived for 41
years with his heart on the right

Physicians said death was caused
by stomach ulcers.

Infantile Paralysis
Cases in State 184
Springfield, Ill., Sept. 11—(AP)—
The state health department said
today that the number of cases of
infantile paralysis for the year
stood at 184, compared with 122
reported at this season last year.
Eight new cases in Cook county
and one in Champaign county were
the latest reported.

Farm Commodities Dealers Hear CEA Views on Futures

Market and Farm Groups in Frank Discussion of Their Problems

Chicago, Sept. 11.—(AP)—Agricultural commodities dealers today were reexamining their status and that of futures trading on the basis of an analysis of changing farm conditions by the government official directly responsible for administration of regulations affecting markets.

The official, J. M. Mehl, chief of the Commodity Exchange Administration, affirmed the need of commodities futures trading and assented the government, through its regulations, was trying to promote well-being of markets. He intimated that because of this regulation the markets might be able to remain open despite any emergency.

General good feeling was promoted by the meeting which Mehl addressed last night, commodities men said. They termed it a unique gathering because it brought market and farm groups together for a frank discussion of a subject which has caused much controversy between them. The title of Mehl's address was "The Future of Future Markets."

Mehl called for a well-regulated futures trade in commodities, with the competent risk bearer active but the "shoestring" speculator out.

"Agriculture as well as trade interests have a long-time interest in preserving risk-bearing and price-basing functions of futures markets. Those interests should not be jeopardized by short sighted trading policies during this emergency or by failure to recognize the changes which have occurred in our agricultural economy," he said.

Farmers Carry Risks
"I do not believe that the commodity markets ever again will afford the opportunity for the speculative adventure that they have in the past. The loan programs, quite aside from the fact that they have operated as minimum price guaranties, also have enabled farmers directly to carry a part of the risk load that formerly had to be assumed by speculators."

"This means smaller volume of trading in some commodities at the time these commodities are going under loan. But it does not affect the need for the futures markets for hedging purposes when the commodities again move back into commercial channels."

One statement attracted much attention because commodities men could not determine its full implications. Mehl said: "I may tell you that serious-minded and practical-thinking men already have expressed to me their concern over lack of volume in certain of the commodity futures markets and have suggested that the government itself may have a responsibility to provide some kind of substitute, if necessary."

He said some who have felt the pinch of reduced volume had intimated it would be better to abandon temporarily the futures market and make their need felt so that when they returned they would do so without restrictions.

Must Meet Hedging Needs
"Responsible leadership in the trade will not subscribe to such a policy," he said. "Moreover, agricultural interests will not let the hedging and price-basing utility of the futures markets to be abandoned in this manner."

"Exchanges must prevent excessive speculation in certain commodities and at the same time maintain volume and liquidity necessary to meet legitimate hedging needs. To render maximum service in this situation and enjoy the highest degree of public confidence, the futures markets must seek a responsible and substantial class of risk carriers. The proposals made by the CEA are designed to help the markets make necessary adjustments and meet their outstanding problems. They have been made with the thought that the markets may remain open and continue to render service to agriculture, as well as

to merchandising and industrial interests."

The meeting at which Mehl was guest was sponsored by the Chicago Mercantile Exchange, which has facilities for futures trading in butter, eggs, cheese, potatoes and some other commodities. Officials of the Board of Trade, where futures dealings in grains are conducted, were present.

Hunt Mrs. Typical Customer
Rochelle merchants are searching for "Mrs. Typical Customer." She should be a housewife in her thirties, mother of two or more children—a woman who does her own housework. Her family income should be between \$1200 and \$5,000 annually. She should be intelligent, observing, discriminating. She will also write a short essay on "What the Retail Stores of Rochelle Can Do to Aid the Customer in This Period of National Emergency."

When the National Retail Demonstration is over on Sept. 20, the judges will select "Mrs. Typical Customer." She will be automatically entered in the national contest, with the winner to be awarded a trip to New York. Entry blanks are available at local Chamber of Commerce stores, or at the office of the secretary of the Chamber of Commerce.

H. S. Teacher Resigns
Frederick R. Bushnell recently resigned his position as instructor of Industrial Arts at the Rochelle high school to accept an attractive offer from Green Ready-Built Homes of Rockford. Mr. Bushnell has taught in Rochelle since 1934 when he came here from Lockport.

Elmer Guio, who graduated from the Rochelle high school in 1929, has been secured to fill the position vacated by Mr. Bushnell. Mr. Guio is well known in the community where he has taught for the past several years at the Central school.

He received his B. E. degree from Northern Illinois State College at DeKalb. He is a member of Epsilon Pi Tau, the national honorary professional fraternity in Industrial Arts and Industrial-Vocational Education. He is secretary-treasurer of the Illinois Industrial Arts Round Table for this area and author of "Photography," a guide book in the practical arts series published by McKnight & McKnight of Bloomington.

Two Local Editors Leave

W. H. "Bill" Wotrich, editor of the Rochelle Leader for the past four years, has resigned, effective this week end, in order to accept a better position. Miss Mildred Musselman, bride-elect, who has been society editor of the Leader for over three years, will leave in order to be married on September 20 to Bob Holmes of Rockford.

Mr. and Mrs. William Rogers of Colorado are expected to replace Miss Musselman and Mr. Wotrich.

Business Improvements
In addition to the new Deep Freeze Locker store opened by James Sherlock in the building formerly occupied by the Kroger Grocery, another business, Clark's Dairy, improves with the addition of a cheese process expert. New vats have been installed, and Carl Rippi, a man of 14 years' experience has been placed in charge. Cottage cheese will be made daily. Farmers have been notified that Clark's Dairy can use more milk.

It is predicted that during the month of July, 1942, aircraft engines with a total horsepower of 11,000,000 will be produced.

Unwanted Highway Policemen Getting Discharge Notices

Superintendent Leo E. Carr Says Move Is For Good of Force

Springfield, Ill., Sept. 11.—(AP)—Leo E. Carr, superintendent of state highway police, has confirmed that more than a score of highway patrolmen had been discharged during the past week. He said that the dismissals in every case were "for the good of the service."

He intimated that a large number of men may be dropped from the force in the near future if their records of service do not measure up to the standards of "efficiency, dependability and courtesy" which Governor Green has declared must be met by all state police officers.

The former Chicago police captain said that he and T. P. Sullivan, state Director of Public Safety, have been giving close attention to the individual records of the department's police officers and had found that some of the policemen were "dead timber."

"There have been undeniable instances of laxity," Carr said, "and laxity cannot be condoned in a police department worthy of its name. We are developing a first class police force, and part of that process is weeding out those with poor qualifications."

Details Undiscussed
Carr declined to discuss details

of the recent dismissals except to confirm that 17 former employees of the state police force whose discharges have already been reported were no longer connected with his organization.

The superintendent said that five officers had been released in the Champaign district Monday. Earlier he confirmed that two commanding officers in that district had been removed, and that ten employees of the Springfield district had left the state's employ.

"I can't say yet how many men will be affected by dismissals," Carr said.

Force Under Normal Strength
Commenting on reports that some of the policemen who were dismissed were active in Democratic politics, Chief Carr said that no discharges were made for political reasons. He said, however, that he believes political activity and police work were not compatible.

Ninety six new officers, all of them selected by Governor Green's advisory committee on state police and given a three-week course in police duties before being admitted to the force, were added to the state police organization last month.

Strength of the force, depleted by approximately 100 resignations last January 1 when most of those who left took positions in national defense plant guard forces and numerous resignations and dismissals since the first of the year, is still about 70 under the normal 350 men.

Two hundred new state police candidates will begin training at the second school, to open Sept. 22.

Just a bit of advice—when patching a hole in the top of a convertible, be sure to put a patch on the inside as well as the outside.

Aeronautical experts estimate that about 100,000 man-hours are put into the construction of every long-range heavy bomber made in the United States.

One of the largest depots in the country is being built for the Army Air Corps at Albuquerque Municipal Airport in New Mexico. The base will cost approximately

\$2,000,000 and will contain the longest runways in the world.

Trucks now bear an average annual tax burden of \$100 each.
